Hi Greg may I call you?

Thanks, Deb

I am sorry I haven't sent out the individual resident reports yet. I'm still getting data into the database. However, here is a link to the entire report with all the data (including the monitoring well results). It's not as easy to find your data as the in the individual reports that we have sent in the past but it's still there. Please call if you have problems finding your well results in the report and I will help you.
